

# Grandparenting Narratives: The childbearing year

Monday **November 1, 2004** 1 – 2 pm

## ***A presentation by:***

**Jeanette McMillan RN BSN M.Ed**

Clinical Nurse Educator: Vancouver Island Health Authority  
Teacher Coordinator: Camosun College Prenatal Programs

This research involved hearing narratives of grandparents. The focus of the research was to learn areas of conflict that develop between parents and their adult children over childbearing and rearing issues. Included in the narratives were strategies men and women use to ameliorate differences with their adult children. The purpose of this research was to inform curriculum for Inspired Grandparenting classes.

British Columbia  
Centre of Excellence  
for Women's Health
