

# Knowledge translation to support clinical practice:

## Developing women's mental health and substance use publications

Wednesday **February 23, 2005** 1:00 – 2:00 pm

### ***A presentation by:***

**Julia Greenbaum**, M.A., Publishing Developer, Centre for Addiction and Mental Health, Toronto

**Nancy Poole**, M.A., Research Consultant, Women and Substance Use Issues, B.C Centre of Excellence for Women's Health, Vancouver

This session will look at the challenges and successes the Centre for Addiction and Mental Health has experienced in creating evidence-based resources on women's mental health and addictions issues – books designed to guide and support the work of clinicians.

Lessons arising from the development of these CAMH books will be discussed:

*First Stage Trauma Treatment: A guide for therapists working with women*

*The Hidden Majority: A guidebook on alcohol and other drug issues for counsellors who work with women*

*Postpartum Depression: A guide for front-line health and social service providers*

Nancy Poole and Julia Greenbaum will also discuss the development of an upcoming book about Canadian perspectives on women and substance use issues -- a BCCEWH/CAMH collaboration.

### **Location: BCCEWH**

Room E311  
Women's Health Centre of BC  
Street Address: 4500 Oak Street  
Vancouver
